Message by the
Chairman Shaikh Zayed Medical Complex
&
Chief Editor of Proceedings

Our Jan to March 2022 Edition is being published as the 5th COVID-19 wave with the Omicron variant crests worldwide. Rising infectivity, yet lesser mortality is its hallmark. We pray humanity is relieved of this deadly disease.

We received HEC Y Category for the 2nd year running Alhumdolillah and saw the highest number of article submissions since its inception. A hundred and twelve articles on wide ranging topics were submitted and vetted as Per HEC Guidelines. We have applied for ADL and DOAJ Indexation

Proceedings presents articles from medical, allied and dental health professionals and wide ranging basic and applied research. All articles have been judged on stringent international criteria of plagiarism and blind peer reviews.

We have achieved expanded viewership, with researchers in diverse medical fields from different institutions publishing their research in Proceedings

Our vision, building linkages with top journals and researchers both in the country and abroad
