Message by the
Chairman Shaikh Zayed Medical Complex
&
Chief Editor of Proceedings

As the COVID 19 Pandemic rages on, we steadfastly publish a diverse April to June 2020 Proceedings with international and indigenous, basic and applied research on varied aspects of health care, therapeutics and diagnostics. All articles submitted for publication have been judged on stringent international standards of plagiarism and blind peer reviews. We are one of the 17 journals renewed by the PMDC out of the 72 who applied from all over the country. PMDC renewal was received till Dec 2019 with further renewal under process.

As Our Editions reflect we have achieved expanded viewership, with researchers in wide ranging medical fields from different institutions publishing their research in Proceedings. A robust nexus of undergraduate and postgraduate researchers, supervisors, academicians and reviewers remains imperative to achieving rigorous standards of research, writing and evaluation in Proceedings.

HEC and International indexation procedure is ongoing. Our vision is to create an R&D Department at SZMC in collaboration with The National Health Research Complex (NHRC), develop a new Proceedings website of international standards and build linkages with top journals and researchers both in the country and abroad. In Sha Allah.

Our Motto “We Venture Forth”
